

**DIRECTIONS:**

Avoid over-use as excessive foam may result.

**Normal Use:** Use 1 oz of **Blue Max** per 100 lbs of dry fabric weight.

**Heavily Soiled Laundry:** Use up to 4 oz of **Blue Max** per 100 lbs of dry fabric weight.

# BLUE MAX

## Concentrated Laundry Detergent

CAUTION

KEEP OUT OF REACH OF CHILDREN  
Net Contents: 1 gal (3.79 L)

**Blue Max** is a highly concentrated, laundry detergent that contains dispersants and susoending agents to prevent re-deposition of soils onto laundry while washing. It is effective in hot or cold water washes and is safe for use on all water washable fabrics. It is compatible with bleach, boosters and fabric softeners and can be used through automatic injectors in programmed laundry machines.

0146-001

**CAUTION**  
Dispose of contents/container in accordance with federal, state and local regulations.

INGREDIENTS (CAS#): Water (7732-18-5), Nonylphenol Ethoxyliate (9016-45-9), DBSA (68584-22-5), Triethanolamine (102-71-6).
