

FLOOR CARE

Scrubbles

Low Foaming Automatic Floor Scrubber Cleaner

Biodegradable

Concentrated

Controlled Foam Technology

Scrubbles is a low foaming, concentrated, cleaner for use in automatic floor scrubbing machines. It is specially formulated to allow rapid cleaning and degreasing for applications in which a minimum amount of foam is desired.

Scrubbles has controlled foam technology that forms bubbles initially to lubricate the brushes, then the bubbles break to prevent overflow in the reclaim tank.

Scrubbles does not contain any butyl or other solvents. It is harmless to painted surfaces and non-corrosive.

When using **Scrubbles** in automatic scrubbing machines, it is recommended to use at the rate of 1-4 ounces per gallon of water.
