

FOOD PROCESSING

CIP Plus

Heavy-Duty Alkaline Cleaner

Highly Concentrated

Low Foaming

Biodegradable

CIP Plus is a low foaming, heavy-duty, alkaline cleaner designed for use in CIP applications. It removes protein, grease, fats and other deposits and leaves no residue behind.

The high alkalinity of **CIP Plus** dissolves grease, fat and protein quickly while the blend of low foaming surfactants rinses the surface, preventing any soils from redepositing on the surface.

CIP Plus has the added cleaning power of sodium hypochlorite to increase cleaning efficiency.
